The temporary closure area comprises 14,153 acres, more or less, in Pershing County,
Nevada.

The public closure is necessary for the period of time from August 10, 2015,
through September 21, 2015, because of the Burning Man event activities in the area,

starting with fencing the site perimeter, final setup, the actual event (August 30 through September 7), initial phases of cleanup, and concluding with final site cleanup.

The public closure area comprises about 13 percent of the Black Rock Desert playa. Public access to other areas of the playa will remain open and the other 87 percent of the playa outside the temporary closure area will remain open to dispersed casual use.

The event area is contained within the temporary closure area. The event area is defined as the portion of the temporary closure area (1) entirely contained within the event perimeter fence, including 50 feet from the outside of the event perimeter fence; and (2) within 25 feet from the outside edge of the event access road; and includes the entirety of the aircraft parking area outside the event perimeter fence.

The temporary closure and temporary restrictions are necessary to provide a safe environment for the participants of the Burning Man event and to members of the public visiting the Black Rock Desert, and to protect public land resources by addressing law enforcement and public safety concerns associated with the event. The event is expected to attract approximately 70,000 paid participants to a remote rural area, more than 90 miles from urban infrastructure and support, including public safety, transportation, and communication services. During the event, Black Rock City, the temporary city associated with the event, becomes the tenth-largest population area in Nevada. This event is authorized on public land under Special Recreation Permit #NVW03500-15-01.

While a majority of Burning Man event participants do not violate event rules or BLM rules and regulations, a few participants at previous events have caused law enforcement and public safety incidents similar to those observed in urban areas of

similar-size populations. Incidents in prior years include: aircraft crashes; motor vehicle accidents with injuries both within and outside the event perimeter; fights; sexual assault; assault on law enforcement officers; reckless or threatening behavior; crimes against property; crowd control issues; possession and unlawful use of alcoholic beverages; endangerment of themselves or others; possession, use, and distribution of controlled substances; litter and unlawful dumping of waste.

The Burning Man event takes place within Pershing County, a rural county with a small population and a small Sheriff's Department. The temporary closure and temporary restrictions are necessary to enable BLM law enforcement personnel to provide for public safety and to protect the public lands, as well as to support and assist state and local agencies with enforcement of existing laws.

Implementation of the temporary restrictions will increase interaction with and education of users by BLM law enforcement and educational staff which will indirectly increase appreciation and protection of the public resources.

A temporary closure and temporary restrictions order, under the authority of 43 CFR 8364.1, is appropriate for a single event. A temporary closure and temporary restrictions order is specifically tailored to the timeframe that is necessary to provide a safe environment for the public and for participants at the Burning Man event, and to protect public land resources while avoiding imposing restrictions that may not be necessary in the area during the remainder of the year.

The BLM will post information signs and maps about the temporary closure and temporary restrictions at main entry points around the playa, at the BLM Winnemucca

District Office, at the Nevada State Office, at the Black Rock Visitor Center and on the BLM's website: www.blm.gov/nv/st/en/fo/wfo.html.

Under the authority of Section 303(a) of FLPMA, 43 CFR 8360.0-7, and 43 CFR 8364.1, the BLM will enforce a temporary public closure and the following temporary restrictions will apply within and adjacent to the Burning Man event on the Black Rock Desert playa from August 10, 2015 through September 21, 2015:

Temporary Restrictions:

All pilots that use the Black Rock City Airport must agree to and abide by the published airport rules and regulations;

(2) Only helicopters providing emergency medical services may land at the designated Emergency Medical Services helicopter pad or at other locations when required for medical incidents. The BLM authorized officer or his/her delegated representative may approve other helicopter landings and takeoffs when deemed necessary for the benefit of the law enforcement operation; and

(3) Landings or takeoffs of lighter-than-air craft previously approved by the BLM authorized officer.

(ii) In addition to the prohibition found at 43 CFR 8341.1(f)(3), it is prohibited for any person to operate or be in actual physical control of a motor vehicle while:

(A) The operator is under the combined influence of alcohol, a drug, or drugs to a degree that renders the operator incapable of safe operation of that vehicle; or

(B) The alcohol concentration in the operator's blood or breath is 0.08 grams or more of alcohol per 100 milliliters of blood or 0.08 grams or more of alcohol per 210 liters of breath.

(C) It is unlawful for any person to drive or be in actual physical control of a vehicle on a highway or on premises to which the public has access with an amount of a prohibited substance in his or her urine or blood that is equal to or greater than the following nanograms per milliliter (ng/ml):

If the alcohol concentration in the operator's blood or breath at the time of testing is less than alcohol concentrations specified in paragraph (ii)(B) of this section, this fact does not give rise to any presumption that the operator is or is not under the influence of alcohol.
